Enjoying Wright County

Park Rangers Bruce Lindner, Eric Rector, Brady Brott, Jeremiah Feltz and Sarah Rueger

Wright County staff, both full-time and summer workers, invite county residents and guests to enjoy the Wright County open spaces which are owned and operated by the county. They are dedicated to assure everyone has fun while using recreational and conservation facilities.

The county has four glacial lakes: Wall Lake, Morse Lake, Elm Lake and Lake Cornelia. Lake Cornelia is by far the most popular area, located six miles northeast of Clarion, and about the same distance southwest of Belmond. Last year, a kayak launch area on the west side of the Quiet Water area was constructed by Jesse Brown, as his Eagle Scout project along with help from his Belmond Boy Scout troop. The county now has eight kayaks available for rent, six 'red sit-in' kayaks; two 'blue sit-on' kayaks. Cost: \$10 for half-day; \$15 for full day rentals.

Always longing to upgrade facilities, park users can witness in 2020: \$50,000 worth of upgraded playground equipment at the park, located on the north side of Lake Cornelia; resurfaced north and west sides of the biking/walking trail near the Lake. Major construction of 18 new camping sites, located north of the Quiet Water area, is working to be completed for the 2021 camping season. While Morse Lake

was drained at the end of the season last year, it will be refilled in 2020 with populations of blue gill, perch, and large-mouth bass being added to the lake.

Something fun is the free Fishing Weekend, hosted by the State of Iowa, the first full weekend of June. This year, it is June 5-7. No licenses are required for any Iowa resident wanting to fish those three days. No fishing licenses are required annually for youth under 16 years of age. Wright County residents or visitors without fishing equipment can access fishing equipment from the Wright County Conservation staff.

Lakes and rivers are good places to fish. Look for bullheads, large-mouth bass, walleye, crappie, yellow and white bass; all possible catches. Ice fishing in the winter helps to provide year-round entertainment. Ice fishing has been pretty good the past few winters; yellow bass are the most frequent catches.

Hunters looking for birds can find pheasants, partridges, doves, wild turkeys

and waterfowl. Deer, cotton-tailed rabbits, fox and squirrels can be hunted in Wright County. Don't hesitate to track down a coyote or two during winter snowfalls!

Outdoor fun continues with boating, canoeing, kayaking, biking and camping during the summer months. Along with ice fishing, winter brings snowshoeing, cross-country skiing and snowmobiling. Want to try some of these winter activities but don't have the equipment? Dozens of pairs of ice skates, snow shoes and cross-country skis are available.

Call park personnel weekdays from 7:30 a.m.-4 p.m. at 515-532-3185.

Email wccb@co.wright.ia.us any time for information, or to have questions answered.

When borrowing equipment, be sure to contact park personnel ahead of time to be sure the desired items are available at the Lake Cornelia Conservation office (north side of Lake Cornelia).

RECREATION

The most used and best-loved outdoor recreation area by county residents and visitors alike is Lake Cornelia, located six miles northeast of Clarion and seven miles southwest of Belmond. The Lake Cornelia Park, a 122-acre recreation area, provides boat and picnicking areas, playground and play field areas, shelter houses, electricity, water, showers, modern restroom facilities, wireless internet available throughout the park and camping area, and pit latrines for day-users, as well as campers. The Lake is a favorite fishing spot in the county.

CAMPGROUND

The Lake Cornelia Campground has 70 camping units in the park with wireless internet; eight are situated directly on the north side of the lake. The additional 62 sites are located farther north of the lake, all include electricity and rent for \$17 per day. Thirty-two include water and sewer; which rent for \$22 per day. There are new modern restrooms and showers in the east portion of main camping area. Building doubles as a storm shelter, able to withstand up to 250 mph winds. Most weekends in the summer, the park is lively with camping guests.

WALKING/BIKING TRAIL AND QUIET WATER

The 1½-acre quiet water provides off-lake boat parking for day use boaters.

Beginning in 2020, work began to expand the number of campsites by 18, located north of the harbor/quiet water area. As camping continues to increase, full-hoopups are available. The sites are anticipated to be ready for use in 2021.

Several years ago, county workers added 12 inches of gravel in the Quiet Water Harbor. This provides a nesting area for several kinds of fish to help populate fishing for enthusiasts to Lake Cornelia.

Campers with boats on the north side of Lake Cornelia are allowed to moor boats overnight, a nominal fee is charged.

A walking/biking trail nearly circles the lake. Prairie plantings of native grasses and flowers wind along the west side of the walking trail. Look for an array of grasses and flowers blooming throughout the year.

RENT SHELTERS

Enclosed and open-air shelters are available for rent at Lake Cornelia. The roof-topped, open-air shelters can be used on a first-come, first-serve basis. Cost is \$10 to reserve the shelters for groups and family gatherings.

The enclosed shelter at the north end of Lake Cornelia can be reserved for a variety of events. The 40-foot by 60-foot structure has a capacity of about 100 people and can be used for holidays, celebrations, organizations, corporate functions and family gatherings. Rental is \$90. Fee is to be paid 10 days after reservation is made to hold the reserved date. The shelter is rented nearly every weekend from May through October.

For more information, or to make reservations for shelters and camping areas, call the conservation office, 515-532-3185, office hours are 7:30 a.m.-4 p.m., or email the office at wccb@co.wright.ia.us.

OTHER RECREATION AREAS

FRANKLIN GROVE HERITAGE TRAIL

East Belmond—Through the heart of Belmond runs the Franklin Grove Heritage Trail. It offers nearly two miles of asphalt paved walking/biking trail with extensive landscaping and natural beauty. The trail, which winds south through a nicely wooded area and beautiful homes, will take a dog-leg southeast of the Belmond Cemetery. The ¾-mile extension will be a straight path in a wooded area, overlooking Luick's Creek, making a better connection to Franklin Grove Wildlife Area. Plans remain on the drawing board to connect Wright and Cerro Gordo Counties through their trails in clear lake and Mason City. It will take time.

Franklin Grove Heritage Trail is connected to Prairie Lands Trail, north of the existing bike and walk path. The recent one-mile extension will eventually connect through the countryside and make its way to Mason City, making nearly 30 miles of biking and walking paths available. Prairie Lands Trail will be a limestone path.

THREE RIVERS TRAIL

Near Eagle Grove—The Three Rivers Trail, just northwest of Eagle Grove, travels along the west fork of the Des Moines River. The historic trail offers visitors miles of uninterrupted woodlands, marshes, river valleys and open prairies.

The trail is 33 miles long. Three Rivers Trail can be used for hiking, nature viewing, biking, cross-country skiing and snowmobiling.

THREE DISC GOLF COURSES

River Disc Golf Course, located in the heart of River Park in Belmond, is a nine-hole disc golf course constructed by Andrew Lovgren in 2006 as an Eagle Scout project.

The course is par three. For more information on this sport, which is growing in popularity for individuals and tournaments, check the website: www.pdga.com.

Clarion-Goldfield-Dows High School Disc Golf Course, on the west side of the high school grounds, 1111 Willow Drive in Clarion, was a Life Project of 2014 graduate Juan Salas. While the nine-hole course is playable, court signage is pending.

Eagle Grove at Greenwood Park, 212 Second Street NE, Eagle Grove. Greenwood Park Disc Golf Course is a newer nine-hole course that was a Eagle Scout project of Kayne Carlson in 2017.

NORTHERN IOWA GREENBELT SCENIC DRIVE

**TRAVELING
IN WRIGHT
COUNTY USING
THE 911 ROAD
SIGNS**

Can you read the names of the street road signs to identify where you are in Wright County?

You can if you know the "pattern."

All county street signs run east and west; the numbering begins at the north border of the county at 100th Street, moving by 10 for every mile south, to more than 300th Street in southern Wright County. Highway 3 could also be called 220th Street.

Avenues begin at the west border of the county and are alphabetical, beginning with A, moving east by the mile, continuing with B, C and so on. Madison Avenue is more commonly known by residents as County K; Youngblood is almost in Franklin County.

Houses or building sites on streets begin their numbering at the west side of the County at 1000 and climb to 3000 on the east side of the county. Numbers for avenues reflect the distances between the streets. For example, 2475 Page Avenue would tell a 911 operator, or any other traveler, the needed location is ¾ mile (the '75') further south of 240th Street.
